

Cuba is a paradise for the classic car buff. It is the world's largest rolling car museum of automobiles spanning the 1940s and 1950s. From Chevrolets, Fords, Buicks, and Dodges, to Plymouths, Studebakers, Oldsmobile's and more, these yank tanks run the range from near mint condition to true fixer uppers.

*Cars of Cuba* is filled with more than 200 color photographs that showcase beautiful classic American cars with polished chrome and vivid paint jobs cruising the streets of Old Havana, taking passengers back in time for the ride of their life.

Sit back, relax and get ready to be transported back to the 1950s. Before long, you'll be booking your own visit to Cuba, the greatest place on the planet for classic car buffs.

#### Dedication

This book is dedicated to the people of Cuba who keep these old-school American beauties alive through their resourcefulness and ingenuity. We tip our hats to you.
