David J. Reimer, Sr., releases Cars of Cuba book with photos taken on trip

Leesport, Pa. – David J. Reimer, Sr., released *Cars of Cuba* through Crave Press; it is currently available on Amazon, Barnes and Noble, Target, and IndieBound as well as through Crave Press.

Cars of Cuba is filled with more than 200 color photographs all taken by Reimer on a 2018 trip to the island. The photos showcase beautiful classic American cars with polished chrome and vivid paint jobs cruising the streets of Old Havana, taking passengers back in time for the ride of their life. Sit back, relax, and get ready to be transported back to the 1950s.

Reimer is a freelance journalist and an award-winning photographer. Over the past 30 years, he's had scores of articles and dramatic imagery published in professional journals, consumer magazines, textbooks, and newspapers.
