### **Local Author Releases Debut Technical Manual with Local Publisher**

*Thomas M. Malafarina releases Link-Tuit through Crave Press*

Leesport, Pa. – Author Thomas M. Malafarina’s debut technical manual *Link-Tuit: A System to Organize Your Life* was released today in print and as an e-book; it is currently available on Amazon, Barnes and Noble, and IndieBound as well as through Crave Press.

In this step-by-step, illustrated manual, Advanced Computer Numerical Control Manufacturing Engineer Thomas M. Malafarina explains how you can utilize Microsoft Word’s hyperlinking to organize and link all of your documents in a simple and logical fashion. Malafarina’s system, refined over twenty years, has helped him easily organize and access thousands of professional and personal documents across hundreds of subdirectories at a moment’s notice, and it can do the same for you. Whether you’re an engineer, an accountant, a lawyer, a doctor, an automotive repair man, a writer, or any profession that requires you to have quick access to documentation, Link-Tuit is an easy system to organize your life.

Malafarina is primarily known as an author of horror fiction. He has published numerous horror novels and collections of horror short stories. He has also published a book of often-strange single panel cartoons. In addition, many of Thomas’ stories have appeared in anthologies and e-magazines. Some have been produced and presented for internet podcasts and radio plays as well. Thomas earns his living as an advanced machining engineering manager. He is also an artist, musician, singer, and songwriter. A native of Ashland, Pa., he now lives in western Berks County, Pa., with his wife JoAnne.
